

CALL ELECTION AUGUST 30 TO APPROVE INCREASED TAX RATE

Board of School Dist. 210 Says Reason Is Tuition Claims From Four Hi Schools

At the last special meeting of the Board of Directors in Community High School District No. 210, a resolution was adopted calling a special election for Saturday, August 30. The purpose of this election will be to approve an increase in the maximum educational tax rate from 50c to 71c, which would be applicable on next year's taxes. This is the statutory tax rate increase provided for by the School Code. However, the board did not feel it would be necessary to levy this full amount for the coming year. The tentative budget, as recently adopted, will require only about 54c for educational purposes and 35.8c for building requirements. This includes the necessary tax funds to meet the first payments on the new high school bonds and interest. This election has been contemplated by the board since the organization of the District last year and has been announced by the president of the board at the various public meetings last spring.

The immediate reason for the necessity of this increase is the amount of the tuition claims received from the four different high schools which the children are now attending. The amount of these claims from Joliet Township high school, Orland high school, Bloom Township high school and Peotone Community Unit amounted to approximately \$125,000.00. However, the board this year received only \$120,000.00 from the present 50c educational rate, leaving insufficient funds to pay these tuition claims and nothing for other operating expenses. The amount of these tuition claims are based by each high school upon the annual per capita cost. These costs for the different high schools are as follows:

Joliet Township H. S.	\$448.98
Orland High School	436.01
Peotone Com. Unit	439.91
Bloom Township H. S.	299.87

Because all newly organized school districts have to operate the first year without any tax funds, the first year's tuition bills and other obligations have accrued as of July 1 and are included in the budget. Consequently, it was pointed out by Superintendent Chapman that the new budget includes the accrued debts along with the anticipated needs for the coming school year.

Most of the people in the New Lenox, Mokena, Frankfort and Manhattan communities were informed about the need for the increase at the different public meetings held previous to the recent bond election. At those meetings President Krusemark pointed out to the people the above facts showing the necessity for the increase in the educational funds. This increase was contemplated in the over-all school funds that were anticipated for the operation of the

high school during the coming year. Because of different requirements by the School Code as to notice of elections and other technical requirements, it was thought by the Board that it would be better to have separate elections rather than combine the bond election with this election. This would avoid any question arising as to the validity of the bond election. It was also pointed out by Superintendent Chapman that all high schools today require more than the 50c educational rate for the operation of their schools, with the majority of the schools requiring between 65c and 75c for this purpose.

The polls will be open on Saturday, August 30, from 12 noon until 7 p.m. The polling places will be a the same school houses in which the past high school elections have been held, being the respective grade school buildings in the four communities.

Kindergarten Mothers to Meet At N. Lenox School

Mothers of children who will start kindergarten at New Lenox this season are asked to meet in a session at the Haven school Monday, August 25, at 1:30 p.m. It is important that those with a transportation problem be present.

Those who cannot attend this meeting and who are in a position to transport other children in their locality are asked to call or otherwise notify John Oster, superintendent.

To be eligible for kindergarten the child must have been born on or before December 1, 1947, and on or before December 1, 1946 to be eligible to enter the first grade. This is in conformity with the state law. Those who brought birth records at time of the spring roundup will not have to bring them again.

Frankfort School Faculty Is Named

The Frankfort public school will open Tuesday, September 2 and the book sale will be held on this date, also. The hour of the book sale will be mentioned next week.

The following teachers are on the faculty: Principal, Miss Viola Lankenau, who teaches English and literature in the seventh and eighth grades. Robert Stadt, who teaches mathematics and social studies in the seventh and eighth grades. Mrs. Evelyn Fulton, fifth and sixth grades. Mrs. Dorothy Woodman, third and fourth grades. Miss Willa Oetter, second grade, and Miss Isabelle Harmening, first grade.

BIG PROGRAM ARRANGED FOR TINLEY FEST'VAL

Plans for the Tinley Park Labor Day festival are progressing nicely, and it is expected that this year's celebration will top all that have preceded, in both interest and attendance. The festival starts Friday night, August 29, and will continue over the Labor Day holidays, Saturday, Sunday and Monday, August 30, 31 and September 1 (Labor Day).

There is more than one good reason why the people of this area should plan now to attend the festival, on at least one of these days. One of these reasons is the Labor Day automobile casualty list, which mounts each year. Why take chances on a long motor trip over this dangerous weekend holiday when you can materially reduce those chances by a short trip to Tinley Park's Labor Day Festival, and save a lot of money at the same time?

The big, colorful parade—one of the outstanding features of the festival—will start promptly at 2:00 p.m. Labor Day. Many fine floats have already been planned for this occasion, as the prizes offered are quite enticing. Those who are planning to enter floats should contact Frank Jeffries, Tinley Park 398.

The famous Garrett Twins Accordion band will furnish lively entertainment on Friday night. This band is getting into the news quite a bit lately. Only recently they were on the Morris E. Sachs Amateur hour.

At the Festival there will be rides, a ferris wheel, merry-go-round, whirligigs—everything to thrill the heart of childhood and adults. And there will be many attractions for grownups, too.

A wrestling match is scheduled for Saturday night, which should attract sports fans from far and wide. Sunday afternoon there will be a ball game, and on Labor Day, after the big parade, there will be a delightful concert, at 4 p.m. The festivities will come to a glorious climax Labor Day night with a big display of fireworks.

Mark up your calendar now so you won't let it slip your mind. A short jump to the Tinley Park Labor Day Festival instead of a long motor trip out of the state over crowded, dangerous highways. You will have the time of your life at the Festival, and "the life you save may be your own."

Melvin Stege Weds Mrs. Marie Mason

Mrs. Marie Bettenhausen Mason, daughter of Mr. and Mrs. Henry Bettenhausen, was united in marriage to Melvin Stege, son of Henry Stege, at the Tinley Park Methodist church last Saturday evening, at 6 o'clock, with the Rev. James Odom officiating. The groom who has been making his home with Grandmother Bettenhausen, is employed at the Service Bakery.

The altar was decorated with bouquets of pink gladioli. Alice Ginter played the organ.

The bride wore a pure silk, pale pink dinner length gown, with a matching net cloche, with flower nosegays on each side. She carried a bouquet of white stephanotis.

Mrs. Wilbert Mager, who served as matron of honor, wore a two-piece pure silk rose beige dress with a pink flower cloche. She carried a Colonial bouquet of pink rosebuds.

The mother of the bride wore a navy blue dress with navy accessories, and a corsage of red roses.

Wilbert Mager attended the groom.

Mary and Steve Mason were the honored guests. Mary wore a completely ruffled, yellow organdy dress and carried a tiny nosegay of roses. Steve was attired in a glen plaid suit with Eton jacket, and wore a single red rosebud boutonniere.

Grandmother Bettenhausen was also present at the wedding. A baked chicken dinner was served the immediate family and close friends at the Nielsen's restaurant, in Chicago. A three-tiered wedding cake adorned the center of the bridal table.

Mr. Nielsen joined the guests in a toast to the bride and groom.

The newlyweds will spend their two week honeymoon touring the West. They will move into their new home as soon as it is completed.

Elected Secretary Of Rural Carriers

The convention of the Rural Letter Carriers' Association held recently on the beautiful campus of A. & M. College, Stillwater, Okla., was attended by more than 3200, the largest group ever assembled at any of their conventions. Highlight of the convention was an address by postmaster general Jesse M. Donaldson.

Among the newly elected officers is Mrs. Glenn W. Folkers, of Frankfort, who was elected secretary of the organization.

PEOTONE FAIR TO HAVE MANY ATTRACTIONS

Those who heard a recent Arthur Godfrey show will be interested to know that one of his guest artist groups is scheduled to make appearances with the Bob McKinley rodeo on Sunday, Aug. 24, at the Will County Fair. The fair will run for three days, starting Friday, on the fairgrounds in Peotone.

The group is the Shooting Mansfields, target shooting experts, who are nationally known for their proficiency with guns. The Mansfields have many spectacular tricks, but their most outstanding, perhaps, is playing, with guns, "God Bless America" on the chimes. In addition, the McKinley rodeo, which will be presented at matinee and evening performances Sunday, will include a horseback quadrille, bronc riding, Brahma steer riding, and other events.

The Tommy Sacco variety show, which will be presented Friday and Saturday afternoons, will include dog acts, the Echo Valley Boys and their western music, high wire artists, jugglers, The Sky Princess and her slide for life, skaters, and other artists.

A card of boxing matches is scheduled for Saturday evening at the fair arena.

Entry to any of the special events listed above will be free to fairgoers, who will pay only gate admission when they enter the grounds. Children under 12 will be admitted free to the grounds, and there is no charge for parking.

N. LENOX LIONS GET READY FOR FALL FESTIVAL

The fourth annual Fall Festival and Auction of the New Lenox Lions Club will be held on Friday and Saturday night, August 22 and 23, on the Haven school grounds. In addition to the auction, there will be various forms of entertainment for all ages.

The proceeds from the event will be used to replenish the fund used to supply eye glasses to persons who are unable to purchase them, and for annual payment due on the purchase of the Lions club house and for current club operating expenses.

Proceeds of past years' festivals have been used also to purchase the stop signs placed at the intersection of Cedar and Lincoln highway and playground equipment for the Haven and Oakview schools, and St. Jude's parochial school. The Lions club house on South Cedar road is available for a fee to different clubs and for parties, wedding receptions etc. There have been over 2,000 meetings held in the club house in the past year, rent free.

There is still one teacher to be hired.

Housewarming For Mrs. K. Heisner

Mrs. Katherine Heisner of Frankfort entertained at a house warming last Thursday. A group of 16 of the WSCS and friends spent the afternoon with her. Various games were enjoyed, and refreshments were served. The group presented Mrs. Heisner with a purse.

Novel Kindergarten On The Farm Begins New Term Sept. 3rd

Mothers of pre-school age children will be interested in the unique kindergarten on a farm that this area offers. Orchard Hill school has gained national recognition by its ideal country atmosphere and fine program designed to fill the needs of the inquiring minds and vigorous bodies of young children.

Take \$30 From Cab Driver, Escape in Cornfield, Caught

Two men were captured by the Tinley Park police Wednesday evening, about 8:30 p.m. in a man hunt involving the police of the state, county, and Tinley Park. At about 5:55 p.m. at 147th and Oak Park ave., two men passengers in a Chicago Yellow Cab, held up the driver and forced him out of the car, proceeding to 80th avenue, just north of 159th St. where they abandoned the cab and took out on foot into the fields.

Al Koehler, of Koehler's garage, notified the Tinley Park police of the robbery and the driver called the state police. Just about dusk, the two men were seen emerging from the cornfield across from the Clarence Bettenhausen home, on 171st street. The Tinley Park police were notified of their whereabouts. The men began hitchhiking toward town, and when the police arrived one of them dashed back into the field, but the other man made no attempt to escape. When Chief Robinson fired a warning shot, the men surrendered.

Their loot was about \$30. They were unarmed when caught, although the cab driver claimed they had guns when they held him up. They were taken to the County Sheriff's office in Homewood, where they gave their names as Gerald McGuire, 729 E. Philadelphia, Flint, Mich., 41 years, and Marion Duplisse, 417 W. Hopson, Flint, Mich., 29 years. Both men were ex-convicts. They were taken to the County jail and appeared for trial before Judge Harry Lambert, in Homewood, Wednesday morning, August 20.

Names New Lenox School Faculty

The attraction of better salaries elsewhere has resulted in the loss and necessary replacement of five of the fourteen members of the New Lenox public schools.

The New Lenox staff, according to Supt. John Oster, will have the following assignments: W. H. Reed, music supervisor; Miss Kathleen Hoffman, speech correctionist; Mrs. Marie Knatter, grade 8, Haven school; Mrs. Mary Rossom, grade 7, Haven school; Mrs. Helen Holt, grade 6, Haven school; Mrs. Margaretta Davies, grade 5, Haven school; Miss Helen Lang, grade 4, Haven school; Mrs. Vera Tweedy, grades 1 and 2, Haven school.

Mrs. Mabel Wenger, grades 4 and 5, Oakview school; Mrs. Ruth Mainwood, grades 2 and 3, Oakview school; Mrs. Marie Monge, grades 1 and 2, Oakview school; Mrs. Geneva Oster, kindergarten, Oakview school.

There is still one teacher to be hired.

Housewarming For Mrs. K. Heisner

Mrs. Katherine Heisner of Frankfort entertained at a house warming last Thursday. A group of 16 of the WSCS and friends spent the afternoon with her. Various games were enjoyed, and refreshments were served. The group presented Mrs. Heisner with a purse.

FAIR WEATHER FAVORS MOKENA HOMECOMING; 13 JINX BROKEN

Closing Event is Crowning of Queen Sunday Night; Everyone Is Happy

The 13th annual Mokena Homecoming, in the usual Mokena tradition, was a happy and successful event. At times a darkening west threw its shadow temporarily over the festivities and threatened to spoil the fun, but the clouds were quite obliging and the only rain that fell was Friday night.

At this time quite a number of people got wet, but most of them took the wetting like good sports and stayed on.

Elmer Schoeneck, general chairman of the Homecoming did an excellent job in planning and handling the program from the platform three nights, and on Sunday afternoon.

Master of ceremonies on Friday and Sunday was Ed Hudson of Blue Island. His sleight-of-hand tricks mystified and delighted both children and adults. The dancing performance of the Kelly Dancing School of Joliet on Friday evening was, as usual, well received, as was the performance of the dancing pupils of Mrs. Hauser, of Joliet, on Saturday evening.

On Sunday evening the Garretto Twin Accordion Band got a big hand. They lived up to their reputation as winners of the Morris B. Sachs Amateur Show recently.

This band by the way, will compete for a 1952 Ford on the Morris B. Sachs Amateur Hour on Sunday, August 24, and will appreciate the votes of listeners in this area. This show will be on both WENR TV and radio, between 12:30 and 1:30 p.m.

Large crowds attended the festivities each evening, and all seemed to be enjoying the homecoming immensely.

Many new seats had been installed on Front street to accommodate the crowds. These were provided by the Welsh Lumber Co. and the New Lenox Lumber Co., and were well patronized, especially Sunday afternoon, when the crowd on the main street was at its height. Many out of town visitors roamed around, visited with friends, patronized the concessions and viewed the exhibits.

The New Lenox Lumber Co. had a fine exhibit at the west end of the grounds. They awarded a Vornado electric fan to Wayne Hossbach, of Frankfort.

The exhibit tent housed a fine display of the Welsh Lumber Co. of Mokena, the A. A. Upholstery Shop of Frankfort, Liszt Pumping Equipment Co., St. John's church, the Kirby Vacuum Cleaner, the vegetables and canning, and flowers, the Boy Scouts and the News-Bulletin displays.

The Welsh Lumber company awarded a gallon of Sherwin Williams paint to Mrs. Addie Bruce of Orland Park, gallon Bruce floor wax to Mrs. A. Neuberg, Chicago.

There was farm machinery exhibits by Cooper & Hostert, Mokena, Pauling Brothers, Frankfort, Swanberg Farm and Auto Service, Mokena, Yunker Implement, Orland and Bauch's, Frankfort.

The W. A. Muehler Insurance and Real Estate had a horseshoe court which was largely patronized. The contestants who pitched the highest score Saturday night was Ziggy Gora, and on Sunday night was Jim Walsh of Mokena; both received \$2 cash. Those who played in the Sunday night tournament were, Jim Walsh, Al Sorensen, Harold Schuldt and Wesley Cappel all of Mokena, and Charles and Bob Moon, Joliet, Elmer Tollerud, Chicago Heights and Ray Goodla, Chicago. The winning team was Walsh and Schuldt. Each received \$5.

Mr. Muehler states the court will remain open all summer to anyone who cares to play horseshoe, free of charge. Those who do not have their own horseshoes can call at Mr. Muehler's home and borrow some.

Mr. Muehler was in charge of getting cashiers for the rides. He desires to express his appreciation to all who cooperated with him.

Winners of the Audubon bird pictures at the Muehler booth were Raymond Larson of Chicago and George Dath, Mokena.

The various rides were enjoyed by great numbers of children with good many adults who took the rides either for moral support or protection or just to get that old-fashioned thrill of earlier years.

The auction held Saturday night drew a large crowd. Many valuable articles went for a song and others at a good price. A world globe went for \$2.50.

The refreshment booth was busy at all times.

The parade Sunday afternoon was capably handled by Norval Robinson and was about a mile long. Many interesting floats and modern farm tractors wound their way along Front and First streets and were viewed by hundreds.

First prize for the floats was awarded to The News-Bulletin. It was decorated in yellow and blue and depicted local news

from the four corners. The publisher and family are most grateful of this honor which prize of the gold trophy will be prized for years to come.

Second prize was awarded to the Mokena State bank and third went to Eleanor's Beauty Salon, Mrs. Sniel, proprietor. Each received a gold trophy.

Mrs. Sniel's float was a convertible prettily decorated in yellow and white with silver and the name in blue. Scalp treatments before and after were being demonstrated.

The outstanding trophy awarded in the parade went to Amvets, Five Point Post 183. It depicted the historic raising of the Stars and Stripes by American troops in Iwo Jima. Every one was happy to see the outstanding trophy go to this group.

Five judges made the decisions on the floats and parade entries. They were: Roy Doerfler, sheriff of Joliet; William Barrowman, Joliet; Charles Carlson, New Lenox; Lester Sayers, Orland Park and Mr. Wicket, Mokena.

The queen received a wrist watch and the other four contestants \$5 each.

The only blot on the homecoming was some disturbances caused by drunkenness at a late hour long after the close of the rides, which is causing some expressions of not having a homecoming again.

Amvet News

The Amvets Five Point Post 183 is very proud of the recent honor bestowed upon them in the past week at the Mokena Homecoming Parade. We wish to sincerely thank the many visitors and viewers who cheered for us, and the judges that awarded us the "most outstanding" float award, for our entry in the parade.

Because of our achievement we have been invited to participate in the Peotone American Legion Carnival parade on the 14th of September. Their representative was asked that we enter the same float. We shall be extremely proud to carry the "Mokena" village name into another neighboring town, even if our laurels are not as great there as on our own grounds.

Our float was completely constructed by home talent. Our commander, Andy Zink, donated his truck and a good deal of his time. Other of our comrades that worked a good number of hours on our entry were, Tom Everhart, Jim Koopman, Jack Tomaska, Ed Carroll, Verna Higgendorf, Chuck Florey, Russ Bennett, Art Hostert, Scott Perry and Marion Pfaff.

Those mud splattered, battle-torn men on the back of our float were our members, Tom Everhart, Jim Koopman, Jack Tomaska, Scott Perry and Ed Carroll.

Our most gratifying comment was that of a fourteen year old boy who said "Gosh, Mom, they looked so real, they give me the funniest feeling up and down my spine. I'm glad I'm an American." Thanks, son, thanks a million, we feel sure now that we put over the theme of our entry, if only in the heart of one boy.

We would also like to say thanks to the many people who gave their donations towards our 1952 Nash Rambler.

The next regular meeting of Amvets Five Point Post 183 will be held on Thursday evening, September 12, at the Mokena Coal and Feed Co. offices. All veterans of World War II are more than welcome and our membership covers the towns of Mokena, Frankfort, Orland, Tinley, New Lenox and the city of Joliet.—Marion N. Pfaff, Adjutant, Amvets Five Point Post, No. 183.

Frankfort To Hold A Homecoming Soon

Frankfort is working on plans to hold a homecoming in that village starting Thursday, September 18 and continuing thru Friday, Saturday and Sunday.

The celebration which is being sponsored by the business men and all organizations will be held on Kansas street, the main thoroughfare in the village. The proceeds will be used for the benefit of the park. More details will be given later.

DONKEY SOFTBALL GAME AT MANHATTAN SUNDAY

Garetto Twins Choir To Try for Ford On Sachs Hour Aug. 24

The Garetto Twins Accordion Choir of the Garetto Twins School of Music will be in competition Sunday, August 24, in the "All-Winner" show on the Morris B. Sachs Amateur Hour, having won first place on a recent Sunday.

They would like to have all their friends in this area watch or listen, and would greatly appreciate the votes of each listener

on that occasion, at which time they will vie for a 1952 Ford. The show will be on both WENR-TV and radio, between 12:30 and 1:30 p.m., a full hour. Angelo P. Garetto is director of the group.

Meanwhile, the Garetto Twins Accordion Band has been very busy playing at the Bud Hauser stock car races, Mokena; Glad-iola festival; Roseland carnival; and Mokena Homecoming. This group will also appear at the Tinley Park Homecoming over the Labor Day week end.

A Reminder: Before a child starts to school for the first time or before he enters the fifth grade he is required by the laws of the state of Illinois to have a physical and dental examination. A child who has not had these examinations are requested by the school authorities to take care of it before school opens on September 2, 1952. All Will county doctors and dentists are supposed to have the proper forms for recording the results of the examinations. The local school board has a limited supply of these forms which they can give to those desiring to have the examinations made out of the county. Those belonging to a religious sect that does not approve of the examinations are asked to submit to a request for waiver of the examinations signed by the parents and the proper church leader.

The call that saved a life!

6322 South Kedvale Avenue
Chicago 29, Illinois
February 18, 1952

Manager, Illinois Bell Telephone Company
1512 West 63rd Street
Chicago, Illinois

Dear Sir:

On the morning of January 5 my life was saved by the prompt, coolheaded action of one of your operators.

At about 5:30 a.m. I suffered a very severe heart attack at my home. In the excitement my daughter-in-law dialed "Operator" and appealed for help. Within minutes your operator had a pulmotor squad on its way. And none too soon. For three hours my doctor, using heroic measures, and the firemen with their life-giving oxygen, battled to save my life.

Today I am on the road to recovery, thanks to the quick action of one of your fine operators. Again and again I have thought, how tender and frail the thin line that leads from Death into Life, and yet in our direst moments how strong! At 5:40 a.m. that morning of January 5 it must have been the telephone line.

Sincerely yours,

Walter E. Jurek

On an average, Illinois Bell operators handle about 4,800 emergency calls a day. At tense times like this, isn't it reassuring to know that "the voice with the smile" is always at the other end of your telephone line to help you?

No price can measure its usefulness

Illinois Farmers Use More Plant Food To Boost Crop Yield
ILLINOIS farmers used 560,025 tons of fertilizer for growing their crops in 1951, reports the Middle West Soil Improvement Committee, in a statement based on statistics compiled by the National Fertilizer Association. This was an 86,504 ton increase over 1950.

The state's 1951 fertilizer consumption was eight times greater than in 1941, when 70,039 tons were used. Thirteen Corn Belt states used 5,193,208 tons of plant food last year, compared with 4,951,133 tons in 1950, an increase of 242,075 tons. Ten years ago these states used only 1,520,340 tons.

For the entire United States, 1951 fertilizer consumption totaled 18,665,748 tons, an increase of 682,000 tons. Fertilizer use has more than doubled since 1941. The statement points out that the percentage of plant food content of an average ton of fertilizer has increased from 19.6 per cent in 1938 to about 22.4 per cent in 1951.

Factors contributing to the steady increase in fertilizer use, says the committee, are: 1—Realization by farmers that fertilizer boosts crop yields per acre, cuts production costs and increases net profits; 2—The high return per dollar invested that plant food yields; 3—The fact that fertilizer is a "good buy," that prices have remained at reasonable levels compared with other items farmers buy; 4—Recognition by farmers that fertilizer use has an essential place in any soil conservation program.

Making of a King

Lesson for August 24, 1952

ONE of the most romantic and heroic figures known to song and story is that of David, King of Israel. Even when Christ came to earth, his fellow-countrymen could think of no grander title for him than "Son of David."

Now David has been idealized almost beyond recognition. The whole story of his life (as seen in the Bible) reveals a man in whom strength and weakness, good and evil, were strangely mingled.

But that is not the main point here. The fact is, David made a strong and successful king; and if there was evil in him, it was more in the older man than in the young one. The story of how he became king is too long even to review here. Let us concentrate on that eloquent little one-sentence portrait of him drawn for a description of him by one of his friends when they both were young. It is found in I Sam. 16: 18.

His Family and His Run

THE BIG ARGUMENT for strong-David by his friend who was recommending him to the king, is that he was son of Jesse of Bethlehem.

A man's family is not an important fact. Men do not often reach high places merely on the reputation of their ancestors; but having the right parents will make a good start.

This is seriously true; for a man's heredity is what goes into the making of his bone and muscle, brain and nerves. The kind of place where a man lived as a boy, the kind of father he had, spells volumes about the man, even years later.

Can we forget that David was the son of a sheep-rancher, a boy who grew up working out of doors? That his parents were God-fearing people?

David's friend also mentioned his playing the harp. No doubt David did this as a recreation; he was no professional musician. But his avocation, his spare-time enjoyment, turned out to be the first rung on his climb to fame. It is important to know about any man: How does he spend his spare time?

His Brawn and His Brains

DAVID'S FRIEND, recommending him for a position in the royal court, spoke of him as a "mighty man of valor, and a man of war." This was an exaggeration, for David at that time had never seen military service, as the story in Samuel shows.

However, it was a good prophecy; and so far as the valor went, it had well been proved. A man who can take a bear by the beard and kill him, may be a bit rash but he is certainly no coward. And what muscles that young man must have had! Never think of David as a little boy when he killed Goliath the giant; he was an athlete better than most.

But David, unlike some athletes, did not need a manager. He was a "man of war," or at least the young friend who was describing him thought he was; and time proved him right.

Now it takes more than muscle to be a successful general. Almost anybody can be a private; and a man can rise somewhat in the ranks on sheer brute power. But when it comes to staff work, planning campaigns, handling large numbers of men and supplies, fitting everything together like a gigantic chess game with nations at stake,—that calls organizing ability, farsightedness, mental powers of a high order.

His Face, His Fluency, His Faith

THE UNKNOWN young man whose word-picture of David we are following, was like many young people in mixing together items that an older person would take up separately. Almost in one breath he reported that David was a good speaker, good-looking and godly.

But the best thing about him, his friend saved to the last: the Lord is with him. We make a mistake if we think that highly gifted, fortunate people can afford to get on without God. It is just these who need God most, if we can say that any one person needs God more than others.

Let us rather say that it is more important for the rest of us that the superior men and women among us be God-fearing, God-loving, God-obeying men and women, than that less important persons should be so.

Sunday, August 24 is picnic Sunday, with out-of-doors services. There will be no sessions in the church at all Sunday. We

are all planning on going to the Methodist camp grounds at New Lenox, located on route 30, west of town. All the Sunday school parents and children and the Ones attending the Church services are invited to come to this great Church outing. Please bring a basket lunch, and we will share together. Drinks and ice cream will be furnished by the Sunday School. The Out-of-Doors service will begin at 10:30.

Adults who have room for one or more of the Sunday School children in their car, are asked to stop at the church at 10 a. m., and pick up those having no way of going.

Sunday, August 31, we will have as guest speaker again, Rev. Akbar Abdul-Haq, of India. Those who missed his last informative message will want to be sure and hear him this time.

Come and let us all purpose to do His will. "Poverty of purpose is worse than poverty of purse".

CULLIGAN

serves all your
water conditioning needs

YOU CAN ENJOY CULLIGAN SOFT WATER SERVICE

As low as \$2.75 per month
for the average family

There's no equipment to buy,
no work for you to do when
you have Culligan Soft Water
on a service basis! We install
our portable water softener in
your home—and we take care
of it. You simply turn the tap
for all the silky soft water you
need. As with your tele-
phone, you receive a
small monthly bill for
the service alone. That's
all there is to it.

YOU CAN BUY YOUR OWN CUL-MATIC WATER SOFTENER

Unlike other companies who
sell water softeners and then
let the owners worry about
taking proper care of them,
Culligan offers a unique
“Owner-Service Plan.” With
this Plan, you own the soft-
ener, but it is designed for inter-
change with our Service unit
so that the Cul-matic can, on
occasion, be professionally
sterilized and rejuvenated at
our plant. Call us for details.

with an A-C Subsoiler

Open up your land for higher yields. Break up hard pan down below the reach of your plow—up to 18 inches or more with the WD tractor, up to 14 inches or more with the CA tractor.

Reduce "break-throughs" on terraced land by opening the way for heavy showers to penetrate between terraces. Give newly seeded grass waterways a chance to open your land above the waterway with an A-C subsoiler to divert run-off and reduce drowning of seedlings.

Allis-Chalmers subsoilers are quick-hitched, hydraulically operated for depth control and easy transport. Let us show you how these new low-cost subsoilers can promote higher yields on your farm.

Eisenhower's Intuition

In the July 30 edition of Christian Science Monitor, an article of considerable merit on Gen. Dwight Eisenhower was published. It was written by Roscoe Drummond, chief of the Washington Bureau of the Christian Science Monitor, and appeared in his regular column, "The State of the Nation." It was entitled "The Eisenhower Intuition," and is reproduced below.

"Dwight D. Eisenhower may, as they say, have a lot to learn on a number of matters between now and mid-September if he is to stand up effectively against his Democratic opponent, Gov. Adlai E. Stevenson.

But there is one thing he does not have to learn anything about. He does not have to learn anything about the moral and spiritual basis of our democratic government and our democratic institutions.

He knows about them—by instinct, by heritage, by training, by tradition. He speaks about them with ease, with insight, with clarity, with devotion. He is at home with them. And when he brings all of his ideas back to the touchstone of the moral and spiritual basis of democratic government it is obvious that he is not using words because they are fashionable or because they are expected of him, but is speaking his deepest and most dedicated convictions.

I have listened to quite a few speeches of General Eisenhower in recent weeks, and when he is at home with his subject matter and is talking without formal text he is a persuasive speaker and has an ability to communicate his feelings as well as his ideas.

When I traveled on his train from Denver to Chicago on the eve of the Republican convention I listened to him speak off-the-cuff several times a day, and it was when he was speaking of the spiritual individuality of man as making it necessary for man to live under and to preserve and expand democratic freedoms that he was most impressive.

It did not seem to bother General Eisenhower at all—and why should it?—that he was giving expression to what some consider only trite generalities. And it did not seem to bother his audiences. They were more than truisms to the general and, as he spoke them, they were more than truisms to his audiences.

I recall particularly his extemporaneous and unrehearsed talk to some 30,000 who had gathered at the steps and the approaches to the State Capitol Building in Lincoln, Neb., in the early evening of July 4. The next day he would be in Chicago, in the vortex of the heat and scuffle of the prenomination struggle, but he had little to say about politics as such; he had much to say about spiritual values and democratic ideals, and his audience gave him rapt attention. His dedication reached out and enveloped nearly every one there, even skeptical newsmen.

"Eighty-nine years ago this evening," he said, according to my notes, and I feel sure they are correct, "our country had just passed through its greatest crisis. Although few realized it at the moment, the Battles of Gettysburg and Vicksburg had determined on the field of battle

that our union was to remain. In that struggle both sides fought with equal heroism; both sides fought to exhaustion.

"Now the descendants of those who fought, on both sides, are proud to share in their heroism and in the values which they preserved.

"But every generation of Americans has been tested and will be tested, as we are being tested today. Our American birthright is not something static; it is live, vital, growing. We dare not take it for granted. Every generation has to reearn it and defend it to increase its strength and meaning."

The general then laid down the two basic moral premises and foundations of democracy and why democracy is both essential to religion and is the fruit of religion.

First, he emphasized that our form of government is a purposeful, deliberate attempt to translate our religious faith into political institutions.

Second, he stressed that because "man is created in God's image," man possesses inalienable spiritual rights which are expressed in alienable human rights, that these rights belong to man, not to government, and that the purpose of democracy is to preserve and secure those rights for man's use, spiritually, morally and politically.

This, General Eisenhower declared, "is the American principle of the Divine Right of the Individual" as contrasted to the divine right of kings. Among these rights he listed man's right "to believe in his own way, to think in his own way, to worship in his own way, to speak in his own way, to earn and save and better himself and his family, and to join with his neighbors to make his a better community and ours a finer land."

These are the values which General Eisenhower says have been won and preserved for us and which every American generation, including our own, must reearn and defend.

"One thing above all others is required of us today," the general told his Lincoln audience. "We are confronted with a godless force bent on the destruction of our freedom. To meet that force Americans are called on to have a dedication, a special dedication like that of Washington and Lincoln. There must somehow, be aroused in us—in millions of us—a great upsurge—a willingness to lose ourselves in this cause that is bigger than any one of us."

Such an understanding of the moral and spiritual basis of democratic government is certainly the foundation of the most needed political leadership. Undoubtedly General Eisenhower has much to learn, but what he knows, by heart and by intuition is the best possible beginning.

Red Cross To Open Volunteer Classes Early Next Month

September marks the opening of special training classes for local women who would like to become Red Cross volunteers.

Classes for those with office training who are willing to perform similar daytime business duties as Red Cross staff aides get underway at Chicago headquarters, 529 South Wabash avenue, September 12 and

23 from 10 a.m.-12:30 p.m. and for those prospective staff aides free to serve during the evening hours, on September 16 and 23 from 6:30-9 p.m.

A class especially for daytime women volunteers who can serve as Red Cross gray ladies at the Veterans Administration hospital, Hines, also is scheduled to open September 16, at the Oak Park-River Forest branch, 128 South Marion Street, Oak Park.

Four sessions for these trainees will be held on Tuesdays and Thursdays from 1-4:30 p.m., starting September 16.

Upon completion of their Red Cross gray lady training course, the volunteers will staff the music room at the V. A. Hospital, Hines. They also will carry on craft projects for the patients in the diagnostic and occupational therapy shops, will plan bingo parties twice a month for the various hospital wards, and will initiate birthday parties for those with TB. Other activities will include gift wrapping, delivering reserved books, shopping etc., for men in the paraplegic wards, as well as vital work with the arthritic patients.

Peter Reiter Clan Gathers Together In Dellwood Park

Ninety members of the late Peter J. Reiter family gathered at Dellwood Park, in Lockport, Sunday afternoon for their annual reunion. Games were played and a picnic supper served at 5:30.

A feature of the supper was the birthday cake for Peter Reiter, who was to celebrate his 80th birthday Tuesday, August 19.

The oldest member present was Mrs. Susan Gotts, of Joliet, and the youngest was two week old Virginia Reiter, daughter of Mr. and Mrs. Virgil Reiter of Lockport.

Guests came from Lockport, Joliet, Homer township, Manhattan, Orland Park, Blue Island, Chicago, and Niles, Mich.

Mrs. Jerry Parker of Orland Park will be chairman of the 1953 Reiter reunion.

Ralph Reiter presided at the business meeting and after the reports were read the secretary recorded seven births, one death and one marriage in the family records.

Mrs. Florence Parker, Orland Park was elected president for 1953 reunion; Mrs. Wilbur Francis, Manhattan, secretary and Mrs. Lillian States, treasurer.

Three Injured When Car Skids, Upsets

Three New Lenox youths were injured in an auto accident early Monday morning when the car in which they were riding, driven by Dennis A. Norton, 20, skidded and overturned in a ditch. Riding with Norton were Jack Sullivan, 23 and Albert Hamilton, 22. All were taken to Silver Cross hospital in an ambulance, where it was found that Sullivan was quite severely injured. Norton and Hamilton were released after emergency treatment.

The accident occurred at 12:35 a. m. on Hamilton road, 1/4 mile west of Mokena. An arrest ticket was issued to Norton by Officer Herman Becker, for failure to have his car under control. Norton was traveling west from Mokena, evidently too fast to make a curve, which caused a skid and the resulting accident.

The car was towed to a pub-

lic garage, where damages were estimated at about \$800.

Norton had previously paid a \$10 disorderly conduct fine in Martin Jackson's court in Joliet. At that time he was a passenger in the car of Joseph Dailey, 21, New Lenox who also paid a fine for speeding.

Asks Permission to Install 2-Inch Gas Mains In This Area

(CNS) The roads and bridges committee of Cook County board Monday referred to special committee requests from the Public Service Company of Northern Illinois to install in this section of the county an electric underground duct line and two 2-inch gas mains.

The power company seeks permission to install:

1. An electric underground duct line upon and along the west side of Central avenue from 94th street, south to a distance 800 feet in Oak Lawn, Worth township.
2. A 2-inch gas main upon and along the west side of Narragansett avenue, north from 87th St. for a distance of 59 feet in Stickney township.
3. A 2-inch gas main in an existing main a few feet from the intersection of George Brennan highway and Clifton Park avenue, northeasterly for a distance of 620 feet, thence northwesterly to the northwesterly line of George Brennan highway with a gas station tap in Markham, Bremen township.

Registration for the school year 1952-53 at the Consolidated High School District No. 230 is near completion. With only a few stray students yet to report, the following numbers have registered: freshmen, 54; sophomores, 59; juniors, 34; seniors, 25.

Board of Consol. Hi. Dist. 230 Meets

In as much as the enrollment at the Orland School will be limited this year, it is particularly important for new students who have moved into the Orland Township section of the district to report to the office at once so they might be included in the quotas set for each class.

With registration nearing its close, many other tasks preparatory to opening school are under way; student program cards are being made, locker assignments and keys are being checked, and rental textbooks are being sorted and readied for use.

Needless to say, Mr. Benson and his assistants are getting the school thoroughly cleaned, painted, and repaired for the big day, September 2.

BASEBALL

HATS OFF—FRANKFORT STOPS HIT SLUMP, WINS 10-1

by Denny Wheeler

I can't possibly remember those fifth and sixth inning rallies, so I decided to tell in my year beginning on the 1st day of July, A. D. 1952 and ending on the 30th day of June, A. D. 1953; and further certify that said Ordinance was duly and lawfully passed at a regular meeting of the Village Board of Trustees of said Village of Mokena, Illinois, on the 5th day of August, A. D. 1952 and that the vote on said Ordinance was:

AYES 5
NAYS 0

whereupon at said time and place said Ordinance was declared duly adopted and approved by the President of said Village of Mokena.

ALVIN S. SORENSON
Village Clerk

Then in the top of the fifth, Crete heard a loud cracking of bats by Frankfort. When the dust had finally cleared and the last man out Frankfort had accomplished: five runs in the inning on four hits and one error. Frankfort had knocked Big Crete pitcher Dailey out of the box.

You would think Frankfort would have mercy. But, in the sixth there was a second bombardment. Four more runs scored highlighted by triples by Jerry Peipenbrink and David Zechlin. The new pitcher, Buddy Becker was battered from pillar to post. Finally the Frankfort rally stopped. By the time the game had entered the fourth the Crete grounds men turned on the lights; that's how late it was. (The game ended at 9:00 p.m.) Some of the individual totals were:

Al Mager, three hits; Jerry Peipenbrink, two hits and one hit each for Ron Studnicki, Dave Zechlin, Terry Schroder, Jerry Mankowski.

As the Frankfort team went home, some must have wondered what had happened. Almost everything had. This was the last game of the season with Crete and our season's series with them was 3 wins for Frankfort, one win for Crete.

There was no question about it. From the time the game began it was Matteson all the way. Allan Buchmeier collected two hits and his kid brother got one. A barrage of hits in the fifth finally sent Zechlin. Ronnie came in and didn't allow a hit the rest of the game. But the damage had been done. And little Peiper (then looking like Bob Feller to Frankfort) went on with his no-hitter.

The Matteson pitchers were shaky, giving up nine bases on balls and 10 hits, including three home runs, by Miller, Hartwig and Eggert. Hartwig gave up

FRANKFORT LOSES 4-0 PEIPER FIRES NO-HITTER

by Denny Wheeler

Matteson pitcher, Peiper, had Manager Wendell Morrison showing a first rate case of convulsions. But there was no doubt about it. Peiper's tricky delivery had Frankfort batters guessing until it was too late.

In the first Matteson got to Frankfort for 2 runs already. A base on an error, a line single to center, another error, and so on scored a total of 4 runs for Matteson in the game. All off of starting pitcher Dave Zechlin. Finally in the fifth, Ronnie Studnicki came in and stopped the proceedings.

It was the third no-hit game at Frankfort this year; one for Ronnie Studnicki, the other for Peiper, and the other for Zechlin.

There was no question about it. From the time the game began it was Matteson all the way. Allan Buchmeier collected two hits and his kid brother got one. A barrage of hits in the fifth finally sent Zechlin. Ronnie came in and didn't allow a hit the rest of the game. But the damage had been done. And little Peiper (then looking like Bob Feller to Frankfort) went on with his no-hitter.

The Matteson pitchers were shaky, giving up nine bases on balls and 10 hits, including three home runs, by Miller, Hartwig and Eggert. Hartwig gave up

three hits in each of the first two innings and his only base on balls in the second that permitted Matteson to tally twice in each frame.

Tinley Park 2 2 3 4—11 10 0
Matteson 2 2 0 0—4 7 1

August 15 South Chicago Heights came to Tinley Park and went home with a 3-0 victory. Krause, pitching for S.C.H. only allowed two hits and was given an errorless support. S.C.H. had 8 hits, led by Zeller, their first baseman, who had a home run and two singles. Miller pitched a good game for Tinley Park, but had his first defeat of the season, due to his teammates inability to hit Krause.

So, Chicago Hts. 0 3 0 0—3 8 0
Tinley Park 0 0 0 0—2 1

Saturday afternoon, August 16 Tinley Park returned to Matteson for an 8-1 victory. Everybody had on their hitting clothes and the team collected 12 hits while Hug only allowed 3 hits, 4 bases on balls, and had 14 strikeouts. Hartwig hit his sixth home run of the season with two men on in the fourth inning.

REVENUE ACT IN NEED OF MODERNIZING

Following the adoption of the Gateway amendment to the Illinois Constitution by the largest vote ever given a man or proposition in the history of this state, the General Assembly has approved and will submit to the voters at the general election to be held on November 4, 1952, a proposed amendment to the Revenue Article (Article IX). This amendment is a continuation of the Gateway campaign for good government and is supported by

substantially the same organizations that conducted the successful campaign for the Gateway amendment.

The Revenue Article is the part of the Illinois constitution which regulates the levy of taxes by the state of Illinois and by cities, school districts and other local governments. The Illinois constitution was adopted 82 years ago when Illinois had an entirely different economic society.

The principal defect in the present Revenue Act is its unworkable requirement that all kinds of property must be assessed on the same basis. For example, your neighbor, John Jones, has \$3,000 in a bank account which nets him no interest. Bill Smith, across the street, has \$3,000 in an old house which he rents for \$75 a month. The present constitution, if obeyed, would require John's bank account and Bill's house to be assessed for taxation in the same amount.

The Revenue Article produces widespread tax delinquency. The personal property tax is so unworkable, that it clouds our whole Illinois tax system and promotes dishonesty and evasion. As applied to personal property, our state and local tax system has virtually collapsed. The proposed amendment will help cure these evils because it permits the legislature to classify property for taxation so that the tax can be imposed justly on all kinds of property.

ELECTRIC FARM SHOW FOR WILL COUNTY FAIR

The electric farm show of the Public Service Company of Northern Illinois, which has been a feature of northern Illinois county fairs for the past five years, will be featured at the Will County fair in Peotone, August 22, 23 and 24 with a completely new exhibit, it is announced by the utility.

The new display, especially produced for county fairs, shows how electricity saves both dollars and work for the farmer and the farm wife.

Housed in a "big top" tent, 60' x 60' feet, the exhibit features actual electrical equipment and blow-up photographs demonstrating new and better ideas for doing farm chores.

The latest kitchen and laundry appliances will be displayed on a colorful turntable and the story

of how electricity is made will be told through regular showings of a two minute slide film.

Actual top sections of typical transmission and distribution pole installations will show equipment and safety devices used in supplying electric service to farm customers.

The electrical equipment in the display is based on ideas developed through the utility's co-operative program with the University of Illinois and the U. S. department of agriculture. It will be the first time that some of the installations have been shown in northern Illinois.

The exhibit will be open free daily to all visitors at the fairs.
